

**apco** ENGINEERING

INNOVATION AND SKILL IN  
CUSTOM MANUFACTURING,  
PATTERN MAKING,  
CASTING AND MACHINING.

APCO Engineering produces cast and machined parts in ferrous and non-ferrous metals including cast iron, alloy steel, stainless, bronze and aluminium.

We also produce heat, wear and corrosion resistant and high strength grades in our in-house foundry using the latest technology. Castings can be supplied as cast or machined in our new machine shop, which is equipped with conventional machine tools as well as CNC turning and milling and CAD/CAM technology.

APCO Engineering remains a small and flexible operation, able to respond quickly to your needs, custom making items to your specifications.

FOR ALL YOUR

MARINE & GENERAL

ENGINEERING REQUIREMENTS.

- PATTERN MAKING
- CASTING
- CNC MACHINING
- CAD/CAM
- WORLD WIDE DELIVERY
