

Weather Tight Deck Hatches

APCO Engineering's range of hatches provides a cost-effective solution to all your access needs.

Manufactured from Marine Grade Aluminium and 316 Stainless Steel, our hatches will provide years of dependable service with minimum maintenance.

Weather Tight Deck Hatches

- APCO's weather tight deck hatch range includes round, oval and square versions.
- All hatches are cast from Marine Grade aluminium and can be supplied with drilled rings for fitment to steel vessels.
- All hatches are operated by a single lift and quarter turn handle and can be fitted with an internal handle for access from both sides.
- All hatches are suitable for horizontal and vertical mounting.
- Casting and machining are carried out in house, allowing us total control of the manufacturing process.
